

**CAHILL**

April 5, 2019

To All Surrounding Neighbors at: 88 Broadway, San Francisco, CA

**Re: Night Work for April 15<sup>th</sup> thru April 17<sup>th</sup>, 2019**

Cahill Contractors, LLC will be requesting the approval of a special Night Noise permit from the Department of Building Inspection.

The request will be for the delivery and set up of a crane/pile driver as well as steel pile deliveries at the 88 Broadway Street Project for extended hours of 12:00am to 7:00am on April 15<sup>th</sup> thru April 17<sup>th</sup>, 2019.

The purpose of the extended hours is due to the size of the trucks hauling the crane and piles. The trucks hauling the equipment and material are over 65' in length and require extralegal trucking permits, which can only be delivered before or after normal working hours. Note, pile driving will not occur during the extended hours.

We will do our best to avoid any disruption and keep noise to a very minimum.

If you have any questions, please do not hesitate to contact us at the number below.

Best regards,

Dan Brooks  
*Superintendent*
